

INKTOBER IN THE ADIRONDACKS RETREAT

Hi Fellow Ink Artists:

We've never done anything like this before ... and you are invited.

To celebrate the 13th INKTOBER CHALLENGE we've launched our first-ever Artists in Nature Retreat: INKTOBER IN THE ADIRONDACKS RETREAT.

A couple of months ago, I was fortunate to meet Focus Retreat Center founders Christella and Pete. Their mission to "create an idyllic oasis for people to focus on what they love" complements my passion for helping ink artists achieve the extraordinary. INKTOBER IN THE ADIRONDACKS RETREAT was born.

EXPERIENCE WHAT PICASSO, MONET, & O'KEEFE EXPERIENCED

"Artist in Nature" Retreats have been part of art history lore for centuries. A treat for the mind, body, and soul, immersive retreats are proven to expand artists' imaginations, talents, and productivity.

Focus Retreat Center is an all-inclusive oasis located just north of Adirondacks Park. It's got everything ink artists need to make this year's Inktober Challenge the most memorable and productive ever.

I'll personally join each of you—virtually—via a series of live learning and feedback Zoom sessions exclusively for guests. You'll also receive a number of partner gifts and a signed certificate of attendance with original artwork by me.

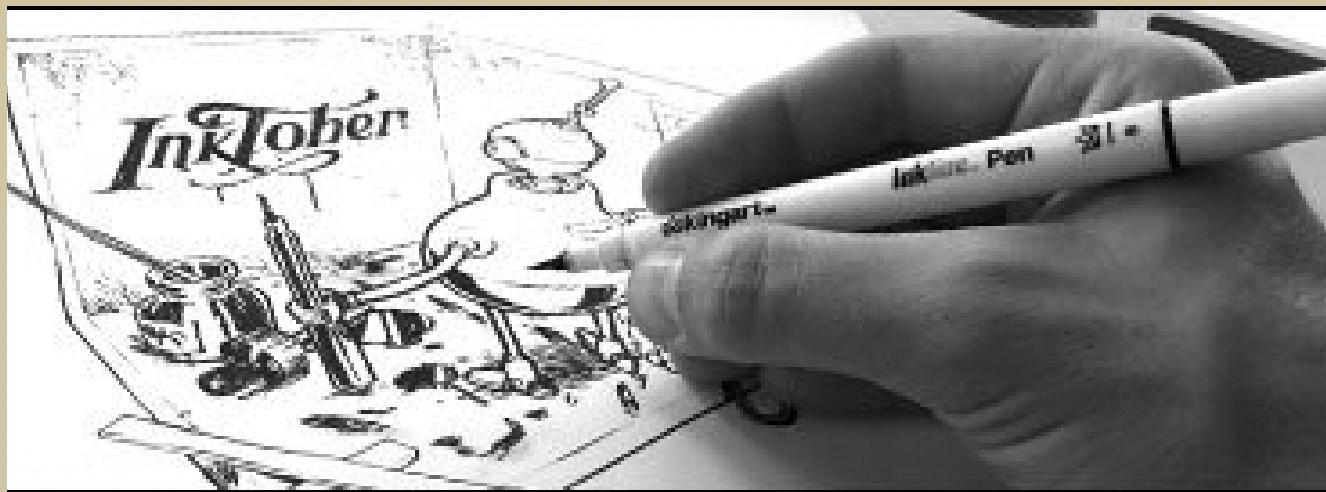

See you soon in October,

JAKE PARKER

WHETHER YOU STAY A WEEK OR A MONTH, YOUR "INKTOBER IN THE ADIRONDACKS RETREAT" EXPERIENCE WILL LAST A LIFETIME

Like any extraordinary travel experience, time will fly during your stay at Focus Retreat Center. Unlike most journeys, your Inktober in the Adirondacks Retreat experience will deliver countless long-term benefits from taking your talents to another level to building illuminating new relationships with fellow ink artists.

LIVE, BREATHE, EAT, HIKE, TALK, & DREAM INK DRAWING FOR AN ENTIRE WEEK OR MORE

When artists are totally immersed in their craft, the extraordinary happens.

Take your skills to the next level during Inktober's Challange 13

THINK INK IN NATURE
